# Symmetrical Solutions

Software. Service. Simplified.  
February 2012

## HAPPY ANNIVERSARY SYMMETRICAL SOLUTIONS! FEBRUARY 2, 2012

Please join us in celebrating Symmetrical Solutions' 10<sup>th</sup> anniversary which we commemorate on February 2<sup>nd</sup>. Co-founders and Managing Partners Steve Nevinski, Bob Dzialowski, and Craig Ostovich joined forces on this date in 2002 to combine their knowledge base and software development skills in order to serve YMCAs and other member-centric organizations. Over the past 10 years, the Symmetrical team, along with additional third party developers to help expedite progress, has made great strides in enhancing the original core software, upon which Protivity is based; Protivity has evolved into a unified and inclusive browser based system which allows users better access to high integrity data. As we look back and see how far Symmetrical and Protivity have come over the past 10 years, we eagerly look forward to the next phases of development which are to come, including:

- Customizable reporting module with memorized reports
- Improved role-based security
- Business services module with Mail Center and back office processes
- Table file conversion
- Integration with third party gift software
- Online membership purchase, donations and balance payment
- New accounts payable system
- New general ledger system
- New budgeting and forecasting system

As we celebrate Symmetrical's last 10 years of accomplishments, we highly anticipate the next 10 years of development which are to come and thank our clients for their business! Feel free to contact us at any time at (262) 671-0699 with any questions about past, present, and future developments. In addition, February 2<sup>nd</sup> is a particularly special date to Bob Dzialowski, as it not only marks the 10 year date of his partnering with Steve and Craig, it is also his and his wife Linda's 10 year wedding anniversary. Our three Managing Partners actually signed the incorporation documentation at Bob and Linda's wedding reception table after the live band appropriately played the YMCA song. We wish Bob and Linda and their children Lauren, Megan, Erin, and John warm congratulations on this special day!
